

Attachment 1: Award Rationale for Chairman Tien-Mu Huang's Extraordinary Contribution to Banking Business

Dr. Tien-Mu Huang has dedicated 40 years to advancing financial supervision and reform, adhering to the belief in “fearless, impartial, ready to shoulder responsibility, and willing to act as needed.” With a focus on fostering resilient, innovative, sustainable, and inclusive financial development, he has continuously promoted and refined policies alongside regulations in areas such as risk management, corporate governance, information security, financial technology, green finance, consumer and investor protection, financial education, and cross-border supervisory cooperation. Dr. Huang has effectively responded to numerous domestic and international financial challenges, safeguarding the stable operation and sound development of financial markets. His forward-looking vision and professional leadership have laid a solid foundation for Taiwan’s financial supervision while significantly influencing the development of the country’s financial markets. His remarkable contributions have been instrumental in promoting the sustainable development of Taiwan’s financial industry.
